

Front End Developer with 5 Years of Experience

Professional Overview:

- Experience in Front End Development.
- Good working knowledge of Angular (Version-5, 4, 2 & 1), JavaScript, HTML5 and CSS 3.
- Good working knowledge of Angular Unit testing using Mocha-Chai/Jasmine frameworks.
- Good working knowledge of Angular End-to-End testing using Jasmine and Protractor frameworks.

Technical Skills :

- AngularJS (Version-5, 4, 2 & 1), JavaScript (ES6), HTML5, CSS 3, Unit testing, End-to-End AngularJS testing, Automation testing using protractor.
- Frameworks/Tools: Angular (Version-5, 4, 2 & 1), Bootstrap, LESS/SASS, GIT, Karma, Mocha-Chai, Jasmine, Protractor
- IDE/Text Editor: Eclipse, Sublime Text, WebStorm, Fiddler, Visual Studio Code
- Development Methodologies: Agile Development, Scrum Methodology

Education :

Master of Technology

Bachelor of Technology

Work and Responsibilities :

- To develop responsive/dynamic GUI for CLI based Product (VM-Restart) using Angular5,
- TypeScript,HTML5, CSS3/LESS, Carbon design systems and other related technologies.
- Developing HTML and CSS (SASS) from scratch.
- Developing the reusable components, reactive forms in Angular.
- Implementation of Routing using <router-outlet>.
- Developing the reusable singleton services and interfaces in Angular.
- Developing the reusable Angular directives.
- Developing reusable static and dynamic modals in Angular.
- Working on Agile Scrum development methodology

- Work closely with team members to develop responsive/dynamic Web application using Angular, HTML5,
- CSS3/LESS, Bootstrap, GIT, Karma, Protractor and other related technologies.
- Developing the reusable components, reactive forms in Angular.
- Developing the reusable services, interfaces in Angular.
- Developing the reusable Angular directives.
- Developing reusable static and dynamic modals in Angular.
- JavaScript validations - form and field validations using Angular.
- HTML and CSS/SASS/LESS Integration.
- Creation and Integration of Mock API's.
- Unit test creation using Mocha-Chai and Karma and Jasmine frameworks.
- End-to-end AngularJS testing using Protractor and Jasmine.
- Automation test scripts creation using Jasmine.
- POC and code reviewer for automation scripts.
- Working on Agile Scrum development methodology
