Projects History:

Project: Rayyan Water
Scope: It passes through a refined filtration process to preserve simply natural water. On this project we have worked two UI Developer for creating effects, animation with full fill client satisfaction. The client has appreciated our work.

Project: SocialCops

Scope: Today's model of engaging with data — both the data we use and how we use it — is broken. Data intelligence is the solution. It starts with finding all the data you need for your decision — extracted from elaborate internal systems, sourced from places you never would have thought to look, and unified with real-time data. We then transform this mass of data into intelligent insights that make the best decision obvious.

Project: TIMC
Scope: The Indian Movie Channel (TIMC) caters to Entertainment and Fashion, wherein we include everything about Bollywood. We bring you all the Entertainment News, Bollywood Celebrities, Trailers, Gossip etc to pep up your life. Not just this, here is the daily dose of Bollywood gossip to start your day along with our talented hosts at the TIMC show, chattering about the lifestyle of your favorite Bollywood celebs.
